

✈️ Aviation Auditor Training / Pro+L The Facts.

// Our 5-day Recurrent & Lead Aviation Auditor Course (AAT/Pro+L) is an advanced training that aims at improving and/or refreshing your auditing techniques. It forms a logical sequence after our Aviation Auditor Training Course. During this training, you will learn how to successfully master arising conflicts and improve your persuasion skills. Video training, case studies and debriefings will help you to achieve these goals.
